PETITION TO REVIVE ABANDONED APPLICATION
UNDER THE PROVISIONS OF 37 C.F.R. 1.137(B)

Dear Sir:

Applicant, by and through his undersigned attorney, respectfully petitions the Commissioner of Patents and Trademarks to revive the above-identified application under the provisions of 37 C.F.R. 1.137(b) on the ground that as to Applicant, as the party holding interest in the above application, the abandonment of said application was completely unintentional, and without his authorization. This Petition is supported by the affidavits of the undersigned, and of Pat Inglese, Applicant.

While it is appreciated that the above application stands abandoned, the abandonment was unintentional in that Office papers relating to the abandonment apparently were mislaid or inadvertently overlooked, and the situation only recently has come to light. Immediately upon the realization of the situation, the undersigned was requested by Applicant to prepare and file this Petition and documents responsive to the final Office Action. It is respectfully noted that applicant had every incentive to continue prosecution of the application, and intended to do so, in that the Examiner had found potentially allowable subject matter, as set forth in Para. 9 of the USPTO Action mailed Nov. 16, 2005.

Accordingly, it is respectfully submitted that the entire delay in filing the required reply from the due date for the reply until the filing of the instant Petition pursuant to 37 C.F.R. 1.137(b) was unintentional. 37 C.F.R. 1.137(b)(3).

It is respectfully requested, therefore, that on the basis described above, the abandonment should be held to be inadvertent and unintentional, the enclosed Request for Continuing Examination (RCE) should be entered, and the case revived.

The petition fee in the sum required under 37 C.F.R. § 1.17(m) for a small entity is enclosed herewith (small entity status remains appropriate and is hereby reaffirmed).
